**CODE:** The code is an easy way for you to tailor your lessons to your client. When a client comes in early in her pregnancy, you can give her the lessons in order. However, if a client smokes, you will want to address that first. The lessons are coded so you can see, at a glance, which ones are only applicable at a certain point in pregnancy and which ones are applicable anytime.

The code has two letters, a slash (/) and then two more letters.

Example: PN/FT

The two letters before the / determine if the lesson is applicable before or after birth:

**PN - Pre-Natal**

**AB - After Birth**

The two letters after the / indicate whether the lesson is specific to a certain point in the pregnancy or is applicable anytime. They are as follows:

**SC - Special Circumstances**

**AT - Anytime**

**FT - First Trimester**

**ST - Second Trimester**

**TT - Third Trimester**

**NB - Newborn**

**3M - 0 to 3 Months**

**6M - 4 to 6 Months**

**9M - 7 to 9 Months**

**1Y - First Year and Beyond**
